8.7 Estimated quarters of funding available (item 8.6 divided by item 8.3)	0.84
<i>Note: if the entity has reported positive relevant outgoings (ie a net cash inflow) in item 8.3, answer item 8.7 as "N/A". Otherwise, a figure for the estimated quarters of funding available must be included in item 8.7.</i>	
8.8 If item 8.7 is less than 2 quarters, please provide answers to the following questions:	
8.8.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?	
Answer: No. Net operating cash outflows experienced during Q3 2024 within the Chinese operations continue to be abnormal due to the ramp up of operations following the recommencement of production in early 2024. As previously delayed raw material feedstocks are received, along with contracted raw materials, it is expected that operational throughput will increase and cash outflows will reduce.	
8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?	
Answer: The Company announced in November 2023 that it had secured equity funding of \$10 million through a share placement to the Company's third largest shareholder, Mr Tan Ruiqing. The Company received \$3.0 million in November 2023, with a further \$3.0 million having been received in January 2024 (after the end of the quarter) and \$4.0 received in March 2024	
8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?	
Answer: Yes, the Company expects to be able to continue its operations and meet its business objectives on a going concern basis.	
<i>Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.</i>
